OpenSensors

Why create a data led workplace?

Employees want flexible work options

Hybrid work
Will become the norm

Space requirements
Will become more complex

Occupancy software
Will make space management easier

Booking software
Will make it easy to manage office returns

"Now is the start of a new era of the data driven office to help companies and employees find the right setup and balance."

Yodit Stanton, CEO & Founder of OpenSensors
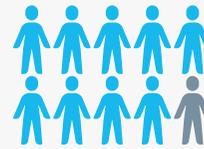

9 in 10 want flexible working options

50% Say monitoring indoor air quality will have the greatest impact on health and safety
